TO THE TRADE

SPRING 1947

NORTHERN BOULEVARD
ROSLYN, LONG ISLAND

Roslyn 256

Our nursery is located on Northern Boulevard (Route 25A) in Greenvale, 1½ miles east of Roslyn. We invite your inspection at any time.

In addition to the material listed herein, we have a selection of large and unusual specimen trees in both evergreen and deciduous varieties, from 8 to 15" caliper and 20 to 40 feet high. We will be pleased to estimate on these either as they stand in the ground, dug and loaded on your truck, or delivered and planted.

Prices are for stock dug and loaded on customer's truck at the nursery, and are subject to change without notice. We do not pack material for shipping, but will be glad to make truck deliveries at reasonable cost. Stock especially selected by purchaser in the nursery will be priced on selection. All evergreens, and other stock where indicated, are priced dug balled and burlapped. Stock marked "B. R." will be dug balled and burlapped in accordance with the following schedule.

12" diam.	B. B.	\$.90
15" "	B. B.	1.50
18" "	B. B.	2.50
21" "	B. B.	4.00
24" "	B. B.	5.00
30" "	B. B.	7.00
30" "	B. P.	9.00
36" "	B. P.	12.00
42" "	B. P.	16.00
48" "	B. P.	20.00

Platforms will be charged for and credited to the customer when returned. In the case of large material, should the buyer wish to do his own digging, we will be glad to price stock in the ground as it stands.

EVERGREEN TREES

CEDRUS atlantica glauca (Blue Atlas Cedar)

8-10' high	\$14.00
10-12' "	18.00

CHAMAECYPARIS Obtusa Gracilis

(Slender Hinoki Cypress)

10-12' high	28.00
